REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Plan Administrator
The Wayne Bancorp, Inc. and Affiliates 401(k) and Profit Sharing Plan
Cleveland, Ohio

We have audited the accompanying statements of net assets available for benefits of The Wayne Bancorp, Inc. and Affiliates 401(k) and Profit Sharing Plan (the Plan) as of December 31, 2005 and 2004, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2004. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the year ended December 31, 2005 in conformity with U.S. generally accepted accounting principles.

Our audit of the Plan's financial statements was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic 2005 financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic 2005 financial statements taken as a whole.

THE WAYNE BANCORP, INC. AND AFFILIATES 401(k) AND PROFIT SHARING PLAN NOTES TO FINANCIAL STATEMENTS December 31, 2005 and 2004

NOTE 1 - PLAN DESCRIPTION

The following description of Wayne Bancorp, Inc. and Affiliates 401(k) and Profit Sharing Plan (Plan), formerly known as The Wayne County National Bank of Wooster Salaried Employees' Profit Sharing Plan and Trust, is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution profit sharing plan covering all eligible employees of Wayne Bancorp, Inc. and those of its wholly-owned subsidiaries (the Company). Until April 16, 2003, any employee who completed three months of service and was at least 21 years of age was eligible to participate in the Plan. Effective April 16, 2003, the Plan was amended to change the age requirement to age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On October 5, 2004, National City Corporation (NCC) acquired Wayne Bancorp, Inc. and its subsidiaries and assumed sponsorship of the Plan. Under the terms of the merger agreement, employees continued to participate in the Plan throughout 2004 and became eligible to participate in the National City Savings and Investment Plan on January 1, 2005. Effective January 1, 2005, employer and participant contributions to the Plan were discontinued. Effective December 1, 2004, National City Bank, a subsidiary of NCC, became the Plan's investment custodian.

Participants were able to contribute up to 100% of their total pre-tax annual compensation, as defined in the Plan, up to the maximum amount allowed by law. Participants who attained age 50 by the end of the Plan year were eligible to make catch-up contributions in accordance with Code Section 414(v). The Company made employer matching contributions to the Plan equal to 100% of deferrals not in excess of 3% of compensation, plus 50% of deferrals on the next 2% of compensation. In addition, the Board of Directors could elect to make an additional profit sharing contribution to the Plan on a discretionary basis. To be eligible to receive the Company's discretionary contributions, participants must be employed on the last day of the Plan year and have completed a year of service during the Plan year.

Each participant's account was credited with the participant's own contributions and an allocation of the Company's contribution and continues to be credited with an allocation of the Plan's earnings and losses. Allocations of Company matching contributions were based on the participant's deferrals and compensation, as defined by the Plan. Allocations of Company profit sharing contributions were based on the participant's compensation, as defined by the Plan. The benefits to which a participant is entitled is the benefit that can be provided from the participant's account.

Participants were immediately vested in their salary deferral contributions and employer contributions plus actual earnings thereon.

NOTE 1 - PLAN DESCRIPTION (Continued)

Upon death, disability, retirement, or other termination of service, participants may elect to receive either installment payments or lump-sum distribution equal to the value of their vested interest in their accounts.

Participants may borrow from the Plan. These loans are made in amounts of up to 50% of their vested account balance for a maximum amount of \$50,000. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local prevailing rates. Loans shall be repaid within a reasonable period of time not to exceed five years, with the exception of a loan taken on a personal residence that may exceed five years.

Participants have the option to invest any portion of their contributions in any investment they choose within the provisions enacted by ERISA. Participants may change their investment options daily.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Plan are prepared under the accrual basis of accounting.

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

The Plan's investments are stated at fair value as determined by quoted market prices and as reported by the trustee. When no quoted market prices are available, investments are stated at estimated fair values based on yields currently available on comparable securities of issuers with similar credit ratings. Shares of mutual funds are valued at quoted market prices that represent the net asset value of shares held. Participant loans are valued at their outstanding balances, which approximate fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income and dividends are recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits and participants' account balances.

Benefits are recorded when paid.
